Oxygen Pedicure & Manicure with Voesh:

1. **DETOXING**: There are 2 sections to the Soak Tear sachet from the MIDDLE and pour both sections at the same time. Pouring the Soak in running water will create more bubbles.
2. **RENEWING**: Scrub the soles to remove dead skin, then work around the entire foot. Gently massage for exfoliation then rinse completely and pat dry.
3. **DEEP CLEANSING**: Apply bubbly mud and leave it on during nail preparation (cut, shape, etc). **DO NOT COVER WITH PLASTIC WRAP**. Bubble formation speed is based on body temperature.

Pearl Jelly Pedicure & Manicure:

Included **Hot stone** pedicure, **paraffin** wax, plus Jelly. **Jelly Pedi** is truly a unique spa experience. Jelly Pedi turns water into a luxurious encasing comfort, which provides the ultimate relief from stress and aching muscles.

JELLY PEDI comprises an assortment of natural plants and fragrant oils which when added to hot water produces a gelatinous mixture. Impregnated with essential oils and a delicate fragrance, completed with aloe vera extracts, ginseng extracts, etc., helps remove toxins as well as stimulate blood circulation. Jelly Pedi scents are very light so even those with allergies to sensitive smells can enjoy. Jelly Pedi exfoliates and opens pores, which lead to softer skin! Detoxifies as it softens and cleanses your skin exfoliates while providing relaxing aromatherapy, unlike a regular salt or mineral soak.
